WHOLESALE WHEEL & TIRE

WHEEL & TIRE GUIDE
VOL. II

VERSATYRE TIRES

VENOM

Welcome to Wholesale Wheel and Tire

Wholesale Wheel and Tire was founded in 2005. After years of auto-customizing and exhibiting, I realized the need to create a company that can both design wheels as well as work with wheel factories to satisfy the wide range of tastes, age groups and gender preferences in auto-styling. From a basic wheel and tire package to the wheel and tire choice for a complete custom build. “No vehicle is done til the wheels go on.”

I truly believe my passion for auto-customizing, combined with my artistic background and interactions with leaders in this industry helped me create the company in which I surround myself with a team of leaders that strive to serve and support our clients, This in turn led to the steady, calculated growth of this company, currently offering a vast variety of wheels and tires, including six of our own original brand names.
We hope you enjoy this year’s catalog.
